Important to note in connection with partition walls, wood - as new (with a smooth surface finish and covering layer made of 10 mm untreated chipboard) - this newly developed product enables you to give your stand a significantly enhanced look with smooth surface finishes. In contrast to the partition wall, wood - used (Form 2.22), the new partition wall can be wallpapered and painted to give a smooth finish. We therefore advise you to order this type of partition wall. Please consult Form 2.23 for further information and photographic material relevant to partition walls.

Stand perimeter walls We hereby order – in the name and on behalf of the above-mentioned exhibitor – stand perimeter walls (**partition walls, wood - as new - untreated**) the exhibitor's stand in line with its given size at a price of EUR 50.90/per running metre plus statutory VAT.

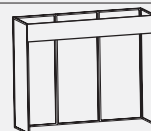

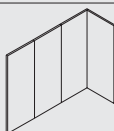

Partition walls // Fascia panels // Doors

Partition wall
Cabin walls and supporting walls

Fascia panel (without covering layer)
Design as per Form 2.22

Door

* Please let us know the exact designation and number of the required paint colour as well as the name of the relevant colour system (HKS, RAL, Pantone, etc.). Please note that the details regarding the colour may only be regarded as a point of reference. The applied paint colour may differ from the colour ordered.

Points to note in connection with the installation of wooden partitions

Partitions (unfinished) 2.50 m high:

Partitions are available in the following sizes: 0.25 m, 0.50 m, 0.75 m and 1.00 m. Supports are essential for walls over 5 m in length. The prices for wallpapering and painting are quoted per running metre and therefore only apply for one side of the given wall. For walls papered or painted on both sides (e.g. cabin walls or partition walls), the total number of running metres actually wallpapered or painted is used as the basis for the price charged.

Fascia panel (unfinished) 0.40 m high:

Fascia panels are available in the following sizes: 1.00 m, 1.50 m, 2.00 m, 3.00 m, 4.00 m, 5.00 m and 6.00 m. Fascia panels are fixed to the stand walls at a height of 2.50 m (top edge) and are 40 cm in height. Door clearance is 2.10 m.

Door (unfinished) 1.00 m wide, 2.50 m high:

Door elements are fitted with universal locks. Individual keyhole locks can be purchased from the security service at a price of EUR 8.95.

Order information

Please order partitions in good time before the official set-up. Thus you will make sure that they are erected on time. Please note that orders reaching us after the beginning of the official set-up are subject to the following surcharges:

- 1) Delivery within 24 hours of receiving the order
at start of assembly period: plus 30.00 EUR per order
 - 2) Delivery within 4 hours of receiving the order
at start of assembly period: plus 75.00 EUR per order
- On the last day of the assembly period, all late orders are subject to a surcharge of EUR 75.00.

In the absence of instructions to the contrary, partition walls will be installed in an unfinished state ready for processing. In the event of the walls being wall-papered in an unauthorised manner by the exhibitor or third parties, a charge of EUR 13.30 per m² will be raised for the work needed to restore them to their original state. The paints used are environmentally friendly and free of toxic agents. Preparatory work on partitions owned by exhibitors is not included in the above prices. Prices on request for other painting and finishing work.

Please note: this order can only be processed along with a plan/sketch (see Form 2.25). Our General Terms of Business are set out in Form 2.19.

Any contract concluded is between the customer and Messe München GmbH, Messegelände, 81823 Munich. Meplan GmbH, acting as representative of Messe München GmbH, is the contact for the customer in all matters relevant to the contractual relationship concerned.
